

PROTEC TION

SOLUTIONS

QUICK REACTION

INTRO

The effects of a global pandemic like Covid-19 are felt by everyone – both in public and private life. In order to prevent or slow down the spread, we must all take active steps to prevent the proliferation and spreading of aggressive viruses and bacteria. With a view to driving this forward and making measures as easy as possible to implement, we have compiled a number of helpful solutions for hygiene protection. Let's get active together!

A man in a dark suit and light blue shirt is seen from the back, looking towards a pharmacy shelf. The shelf is filled with various boxes and bottles of medicine. The lighting is soft, and the colors are muted, giving a professional and clean feel.

SIMPLE LIGHT MOBILE

FOR ALL KINDS OF APPLICATION.

A complete partition wall system is not always necessary. For such cases we offer a wide range of ready-to-use products that can be easily integrated into everyday life. From illuminated displays with hygiene instructions, to hand sanitizers, to folding walls - just select, order and get started. Our products are assembled in no time and can be used immediately.

PREVENTIVE MEASURES

**RELIABLE
PROTECTION ON
BOTH SIDES.**

With or without opening.
Two different sizes.

PREVENTIVE MEASURES

Hygiene Protection

For various locations: retail, authorities, public institutions, companies, pharmacies, shops

Not everything can be handled completely without contact.

In some areas or situations, personal encounters are unavoidable. In such cases, a sneeze guard helps protect your staff, customers and visitors. Protection on both sides – ideal for all locations.

With or without illumination.

Hand hygiene - quick and easy to understand

Campaign: Clean Your Hands!

In everyday life you quickly forget how easy it is to protect yourself and others by observing simple hygienic standards. Little reminders can work wonders here. Take action! Raise people's awareness with our easy step-by-step instructions. We offer frames with and without illumination – suitable for any location.

The mobile folding walls can be folded up to save space.

**ALWAYS READY
FOR SHORT-TERM
CONVERSIONS.**

The folding walls are made of resistant, easy to clean material.

PREVENTIVE MEASURES

Mobile Folding Walls

Flexible and adaptable at any time.

The increasing number of patients and beds calls for a maximum of flexibility. Our folding wall has been developed so that rooms can be adapted and redivided time and again - mobile on castors and space-saving. Just as the situation demands!

Partition wall modules as a flexible solution for the workplace.

Flexible in use. For quick deployment.

Select from three different sizes and use directly. Whether as tabletop partitions, with base plates or castors, in offices, stores or public authorities - our partition walls offer a flexible solution for every field of application.

PREVENTIVE MEASURES

Partition Walls | Hand Sanitizer Stands

The fabric graphics can be exchanged in no time.

Disinfection: always in the right place.

Antibacterial gels or wipes are not always at hand. In such cases, our mobile hand sanitizer stands enable customers and visitors to quickly disinfect their hands. A safe and secure feeling for them - and additional advertising space for you thanks to printed fabrics.

with illuminated advertising space

The image shows an office environment with a white brick wall in the background. In the foreground, there is a brown desk with a black computer mouse on the left. A black office chair is partially visible on the right. A white partition screen stands on the desk, displaying the text 'TAKE A' in large, bold, black letters. To the right of the white screen is a patterned partition screen with teal and yellow leaf and circular designs. A plain white partition screen is visible on the left side of the frame.

SPACE-SAVING INDIVIDUAL CREATIVE

FOR MORE VARIETY IN DESIGN

Our systems provide space-saving solutions to create separate workspaces in an open-plan office. Whether they are used as simple partition walls or for construction of separate meeting rooms, they not only offer more privacy but also the possibility of customization to suit your specific needs and preferences. Choose your own design and colour scheme to create a unique, friendly and motivating environment.

In the same manner, our partition walls allow you to easily separate your home office from your living space. Aesthetically pleasing, they provide yet another significant advantage: shielding and protection of your employees while permitting an efficient workflow despite strict safety requirements, for example during a pandemic.

Hygiene protection with functional opening.

Our modular system constantly adapts to new requirements.

OFFICE AND BUSINESS EQUIPMENT

Reception Areas

Acrylic glass ensures that partition walls are not the focus of perception.

Make your customers feel safe right from the the start.

Especially in the reception area many different people come and go throughout the day. This constant stream of visitors can be managed safely by means of our protective walls with acrylic glass fillings, which adapt perfectly to furniture and rooms.

**BUILDING
CONFIDENCE
AT THE FRONT DESK.**

Partition walls create individual workspaces and ceiling mounted light frames provide uniform illumination.

OFFICE AND BUSINESS EQUIPMENT

Workspaces

Round ceiling lamps are a perfect fit for individual workstations.

Your own workspace. For concentrated work.

Partition walls don't have to look boring. Quite the opposite: With free forms and curves an open space can be cleverly converted into a modern office. Printed with individual graphics, the tensioned fabrics can even be used as a pinboard.

A wide variety of fabrics can be inserted into the fabric groove: from acoustic insulation mesh to antibacterial fabrics.

Workspaces

Different materials can be easily combined

Flexible equipment: panels, glass or fabrics.

Depending on the type of application, different materials can be used. Opaque panels ensure undisturbed working. Acrylic glass allows concentrated work while also supporting the team spirit as colleagues remain in the field of vision. And fabrics cannot only be printed creatively with individual motifs but may also have a sound-absorbing or antibacterial effect.

Shielded communal areas

For video conferences: separating workspace from living space

Cladded partition walls for a feel-good atmosphere

Effective working from home.

Your home may not be perfectly designed for the creation of an individual workstation. In order to keep disturbing noises from other family members or flatmates who are also working from home as low as possible, workplaces can be separated with partition walls here too. Less distraction - and more concentrated working. In addition, a back wall provides more privacy during video conferences by concealing the living area.

**HOME OFFICE
AND LIVING ROOM
SEPARATED.**

Fully separated rooms offer
space for meetings

**CREATE A

ATMOSPHERE.**

OFFICE AND BUSINESS EQUIPMENT

Meeting Rooms

Small meeting room cabins with sliding doors can also be equipped with acoustic fabric.

Active noise level reduction.

Countless phone calls, conversations and meetings may lead to a drastic increase in noise levels. To counteract this effect, our meeting cubicles are equipped with sliding doors to close the room. In addition, the frames can also be fitted with acoustic fabrics to further reduce the sound and improve acoustics.

Protective
measures

communal area

OFFICE AND BUSINESS EQUIPMENT

Cafeterias

Cafeterias: providing protection in confined spaces.

Highly frequented rooms such as cafeterias and canteens require special protective measures to ensure the safety of each individual. By means of our tabletop partitions with acrylic glass, separate dining areas can be created without preventing personal interaction.

Space dividers allow cafeterias to be used even under strict hygiene requirements.

VERSATILE ADAPTABLE SAFE

BUILD TRUST AND CONFIDENCE WITH YOUR CUSTOMERS.

Popular meeting places such as cafés, restaurants, hotels or supermarkets attract a large number of visitors. Due to the wide range of products on offer, it is particularly important to gain trust with the customers and build up their loyalty. Our systems help to integrate protective measures into your business premises - individually tailored to your CI. A combination of protection and design.

Shielded checkout areas ensure that the minimum distance is observed.

CONTACTLESS PAYMENT AND DISTANCE.

Aluminium and acrylic glass are particularly easy to clean.

Checkout Areas

Safe shopping experience including payment.

Making guidelines and rules visible.

Clearly separated areas make it easier to maintain the prescribed minimum distance. At the supermarket, the car dealers or the hairdresser: these measures help protect employees and customers at the same time.

Info Counters

Ideal for small
pop-up stands

Tailored hygiene protection.

Our wide range of products makes us flexible and allows us to supply the correct size and format for every counter - including curved ones.

Fabric graphics can be adapted to the changing assortment at any time.

INTEGRATE PROTECTIVE MEASURES INTO YOUR OWN CI.

The panels can be
designed according to your wishes.

Colours to match the design:
coated aluminium extrusions.

Restaurants

Creating a relaxed atmosphere.

Especially in the field of catering and foodservice, a pleasant atmosphere of well-being is of utmost importance. To this end, our partition walls provide protection and design at the same time. The surfaces can be decorated with individual graphics to make them fit into the overall concept. If desired, the aluminium extrusions can be coated in any RAL colour.

**SEPARATE SPACES
FOR MORE
PRIVACY.**

Restaurants

The partition walls can be equipped with opaque panels, glass or milk glass.

**MOBILE &
TEMPORARY USE
JUST AS REQUIRED.**

The fabric graphics can
be changed and
adapted at any time.

Receptions

Protection and information combined.

Our partition wall systems can be customized with different accessories such as brochure racks or monitor mounts. More functions not only to communicate important information but also targeted advertising messages. Our freestanding illuminated displays attract even more attention. With their low weight and fast and easy set-up, they are perfectly suited for mobile use - wherever they are needed.

The folding wall elements can be folded out as necessary.

Everything in view despite protected work areas.

Hairdressers

Service and safety for the customer.

Many services cannot be provided from a safe distance of 2m. To ensure that customers are still optimally protected, our folding walls can be used to create separate work areas. Just set up the folding wall and fold it open to suit your needs. Thanks to the castors, no effort is required. Quick, safe, adaptable - the perfect solution for everyday work!

ADAPTABLE REUSABLE QUICKLY AVAILABLE

AVAILABLE IN LARGE QUANTITIES TO MEET REQUIREMENTS

The durability of aluminium and the modular design allow for years of use without compromises. The individual components can be recombined time and again and are therefore also perfectly suited for future projects. Our many years of experience and our worldwide network enable us to deliver large quantities while maintaining the highest standard of quality. New requirements can be implemented in next to no time - for all

kinds of public institution such as authorities, schools or entire universities. We take care of your project from start to finish with comprehensive know-how, customer-oriented thinking and always on the lookout for the best solution for you!

Bright and
friendly:
acrylic glass

**MANY APPOINTMENTS
LOTS OF VISITORS –
SAFE AND SECURE.**

Registrations

Hygiene protection with opening

Safe and functional at the same time.

Our hygiene protections adapts to the local conditions – not the other way round. Depending on the purpose and location, openings can be integrated into the partition walls to allow a safe exchange of documents.

THE PERFECT PROTECTION FOR ALL AGES.

Solution for
teamwork

Safety for students
in small spaces

PUBLIC BUILDINGS | SCHOOLS | UNIVERSITIES

Classrooms

Making lessons possible even in emergency situations.

Classrooms have limited space. Our modular systems are ideal for using this space efficiently and allowing as many students as possible to attend classes. They can be converted from frontal teaching to group work, depending on the type of lesson: the perfect protection for every situation.

**WELL CARED FOR
ALL DAY LONG
EVEN IN TIMES OF CRISIS.**

Our systems are
available at short
notice in large
quantities.

The modules
can be extended
as required.

Refectories

Protection that helps to maintain a direct exchange.

Maintaining safe food and drink supplies during breaks.

There is often a high rush in the refectory when break times of pupils or students overlap. A lot of protective measures are necessary to meet all the requirements. Our worldwide network enables us to provide them at short notice.

Perfectly
integrated:
curved forms

Separate
waiting zones

PUBLIC BUILDINGS | SCHOOLS | UNIVERSITIES

Waiting Rooms | Communal Areas

Waiting areas: both temporary and permanent.

Apart from a great variety of mobile and temporary equipment, our product portfolio also includes customized solutions. Specially adapted to your local conditions and perfectly suited for permanent use. The high-quality aluminium extrusions can be coated in any RAL colour. The frames guarantee consistent quality over decades. Best yet, panels and fabrics can be exchanged as often as desired to create a new look.

SAFETY PROTECTION TRUST

EFFECTIVE PROTECTION MEASURES IN A SHORT TIME.

When hospitals are running out of beds , large halls must be converted for emergency use. Our partition wall system not only helps to use the available space as efficiently as possible, but also to protect individual privacy. Self-assembly Cleanroom kits for further treatments are available too. Always tailored to your individual needs and requirements.

A photograph of a modern hospital room. Two hospital beds with white frames and wheels are positioned side-by-side, separated by glass partitions. The beds have white mattresses and pillows. The room has a clean, clinical feel with light-colored walls and a tiled floor. The lighting is bright and even.

Adapted in size and number. Our team of experts will be happy to provide further information and advice. In the following, we are going to show you how to best protect people from high-risk groups.

**QUICK AND SIMPLE.
AVAILABLE AT SHORT NOTICE.
EASY TO CLEAN.**

Simple and modular thanks to the combination of panels, uprights and beams.

HEALTH CARE

Mobile Emergency Units

The modular design allows for easy and quick extensions.

Fast reaction: for more treatment beds.

To compensate for the increasing lack of treatment rooms, our partition wall system can be used to build rooms for emergency hospitals. This enables medical examinations in separate cabins in next to no time.

Thanks to the quick and easy installation and/or conversion and the wide range of accessories, our partition wall system is immediately ready for use and can be perfectly adapted to the individual field of application.

CLEANROOM ATMOSPHERE WITH OUR CLEANROOM KITS.

Cleanroom cabin made of resistant
aluminium and acrylic glass

HEALTH CARE

Treatment Cabins

Our self-assembly kits are available in different sizes.

When standard partition walls are not enough.

Wherever a cleanroom atmosphere is required, our cleanroom kits are the perfect solution. By means of our optional filter fan units (FFU) the air from inside the cabin is pressed outwards, providing a dust-free treatment room. The components used are made of aluminium and acrylic glass and are particularly easy to clean.

In addition, we also offer full service from individual advice to delivery and installation (if required).

Clearly
separated areas
for a safe visit

**KEEP IN TOUCH
AND STAY SAFE
IN ALL AREAS.**

HEALTH CARE

Visiting Rooms

The modular design permits the installation of opaque panels and acrylic glass as desired.

Personal visits with a good and safe feeling.

In private life, there is nothing that could ever replace personal contact. To enable visits to facilities of all kinds, both sides must be protected. Visiting rooms built with our modular wall system can be quickly and easily adapted to different needs in terms of size and material.
